6.	Description of content: The Ministry of Industry has stipulated the mandatory implementation of SNI for Multi-Compartment Stainless Steel Food Tray. Business actors that produce, import, and/or distribute for Multi-Compartment Stainless Steel Food Tray in Indonesia are required to comply with the provisions of SNI 9369:2025 for Multi-Compartment Stainless Steel Food Tray. The conformity assessment process is conducted through the type 5 and type 1 n certification system implemented through audits of the production process and the application of a quality management system, such as ISO 9001:2015 along with quality conformity testing based on SNI requirements. Conformity assessment is carried out by a Conformity Assessment Body (LSPro) and testing laboratories that is accredited by Komite Akreditasi Nasional (KAN) in accordance with the scope of the applicable SNI for Multi-Compartment Stainless Steel Food Tray, and appointed by the Minister of Industry. SNI certificates may only be held by domestic industrial companies or overseas manufacturers that are registered electronically through the SIINas platform.
