Description: Direct final rule - In November 2022, the U.S. Consumer Product Safety Commission (CPSC or Commission) published an update to the consumer product safety standard for gates and enclosures under the Consumer Product Safety Improvement Act of 2008 (CPSIA). The standard incorporated by reference ASTM F1004-22, Standard Consumer Safety Specification for Expansion Gates and Expandable Enclosures, the voluntary standard for gates and enclosures that was in effect at the time. ASTM has now issued a revised standard, ASTM F1004-25. Consistent with the CPSIA, this direct final rule updates the mandatory standard to incorporate by reference ASTM's 2025 version of the voluntary standard.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

The rule is effective on 19 July 2026, unless CPSC receives a significant adverse comment by 1 May 2026. If CPSC receives such a comment, it will publish a document in the Federal Register, withdrawing this direct final rule before its effective date. The incorporation by reference of the publication listed in this rule is approved by the Director of the Federal Register as of 19 July 2026.
